

Health Screenings!

We will be conducting our annual health screenings the month of September.

The screenings will include height/weight, hearing and vision. The grades screened will be PreK, kindergarten, First, second, and sixth. All SPED students & new students to our district will be screened as well. Screenings will begin September 13th - 24th.

Please be sure to have your child here during those dates.

Thank you,

Lydia Smith
Health Office
