ORACLE SCHOOL DISTRICT#2
ANNUAL NOTIFICATION TO PARENTS REGARDING
CONFIDENTIALITY OF STUDENT EDUCATION RECORDS
2011-2012

Dear Parents:

The Oracle School District Governing Board has established written policies regarding the collection, storage, retrieval, use, and transfer of student educational information collected and maintained pertinent to the education of all students to ensure the confidentiality of the information to guarantee parents and students' right to privacy. These policies and procedures are in compliance with:

The family Education Rights and Privacy Act; Title 20, United States Code, Sections 1232g and 1232h; and the Federal Regulations (34CFR, Part 99) issued pursuant to such Act:

The Education of All Handicapped Children Act; Title 20, United States Code, Sections 1412 (2) (D) and 1417 ©; and the Federal Regulations (34 CFR 300.560-300.574) issued pursuant to such Act: and

Arizona Revised Statutes, title 15, Section 141.

Student education records are collected and maintained to help in the instruction, guidance, and educational progress of the student; to provide information to parents and staff; to provide a basis for the evaluation and improvement of school programs; and for legitimate educational research. The student records maintained by the district may include, but are not necessarily limited to, identifying data; report cards and transcripts of academic work completed; standardized achievement test scores, attendance data; reports of psychological testing; health data, teacher or counselor observations; and verified reports of serious or recurrent behavior patterns.

These reports are maintained in the administrative offices at Oracle Ridge and Mountain Vista and are available only to the teachers and staff working with the student. If your son/daughter should transfer to another school, these records will be sent to the new school upon their request. Otherwise, records are not released to most agencies or persons without prior written consent of the parent.

You have the right to inspect and review any and all records related to your child, including a listing of persons who have reviewed or have received copies of the information. Parents wishing to review their children's records should contact **Mr. Dennis Blausser**, Principal, for an appointment. School personnel will be available to explain the contents of the records to you. Copies of student education records will be made available to parents when it is not practicable for you to inspect and review the records at the school. Charges for the copies of records will be actual cost of copying.

If you believe information in the record file is inaccurate or misleading, you have the right to request that a correction be made and to add comments of your own. If any time an agreement between the principal and parent cannot be reached, you may contact the Superintendent, and request a hearing.

You shall be informed when personally identifiable information collected, maintained, or used is no longer needed to provide educational services to your child. The information must be maintained for two years after the date your child was last enrolled in this school district.

Copies of the District Student Education Record Confidentiality Policies and Procedures may be reviewed in the principal's office in each school. Federal law also permits a parent to file a complaint with the Family Educational Rights and Privacy Act Office in Washington, D.C., if you feel the school is violating public school records policies and statutes.

I have had an opportunity to ask questions about the information provided on the sheet entitled "Confidentiality of Certain School Records (Psychological/Special Educational)" and understand what it means. It was provided for me in my primary language.
